THE GOOD, THE BAD, THE DIGITAL: HELPING CHILDREN WALK SAFELY IN DIGITAL SPACES!

Keeping Kids Safe Handout

A CONTROL THE LARGER ENVIRONMENT

- 1. Control the WiFi network.
- 2. Don't have computers and devices with Internet access in private spaces.
- 3. Consider family electronic commitments, like putting away phones in the evening.
- 4. Add on software like Screen Accountability.
- 5. Lock down phones for limited use—can control contacts, getting on Internet, etc.
- 6. For Software (like Roblox, Facebook):
 - a. Disable chat features so they can't talk privately to people.
 - b. Monitor if they can access adult content.
- 7. Use a software like Covenant Eyes.
- 8. Don't give children free access to credit cards.
- 9. Don't trust that sites block inappropriate content.
- 10. Make sure you can get into their accounts.
- 11. Then get into their accounts regularly.

POSTING

- 1. Be cautious about posting snapshots of your children, especially ones that reveal their name, grade, school, etc.
- 2. Don't post details about their activities.
- 3. Don't include backgrounds that are identifiable.
- 4. Be wary about geotagging.

THE GOOD, THE BAD, THE DIGITAL: HELPING CHILDREN WALK SAFELY IN DIGITAL SPACES!

TELIOS LAW PLLC

SUPERVISION

- 1. Young children should be monitored in electronics use.
- 2. For camps, schools:
 - a. Are there safeguards around Internet access, including for phones?
 - b. Are there rules about electronic communications (i.e. bullying, etc.)?
 - c. Are workers trained about digital risks?

EDUCATION

- 1. Teach children that for all social media and games:
 - a. Don't talk about the city you live in, or your school, etc.
- 2. Teach children that they may not be talking to a child.
- 3. Have open discussions about porn. Encourage children to report it if they see it.

BE WARY ABOUT PUBLIC SCHOOLS

- 1. Educate children on sexuality before the schools do.
 - a. Consider not participating in unsafe schools.
- 2. Educate children about safe Internet practices.
- 3. Be familiar with school policies and what is available through the library and
- 4. EBSCO. Set up controls on computers to block inappropriate content.a. Be wary of EBSCO.
